

An aerial photograph of a city in a state of total devastation. The ground is covered in a sea of rubble, including twisted metal, concrete blocks, and debris. Numerous people are scattered across the wreckage, some appearing to be searching for survivors or belongings. In the background, several multi-story apartment buildings remain standing but are severely damaged, with many windows missing and structural damage visible. The sky is overcast and grey, adding to the somber and tragic atmosphere of the scene.
